The Central Indiana Clean Cities Alliance, Inc. (CICCA) Announces Organization's Name Change

MOORESVILLE, IN, (February 3, 2010) — When designated in 1999 as a Clean Cities Coalition by the US Department of Energy, CICCA served just Marion County and the surrounding nine counties as the local resource for Indiana fleets looking to implement alternative fuels and related technologies.

Over the past ten years, CICCA has grown to serve a larger regional area that now extends as far north as Allen County and as far south as the Indiana/Kentucky state line, assisting stakeholders with securing over 14 million dollars in federal and state funds for the implementation of alternative fuel projects, in both the public and private sectors.

As a result of this expansion, the coalition has changed its name to better reflect its geography footprint (<http://www.cicca.org/docs/IndianaTerritoryMap.pdf>). Effective immediately, the Central Indiana Clean Cities Alliance, Inc. will be known as the Greater Indiana Clean Cities Coalition, Inc.

Look for this name and the logo below on all communications from the coalition from here forward.

The Greater Indiana Clean Cities Coalition is run under the U.S. Department of Energy's Clean Cities Program and is one of 86 coalitions in the nation. Link to our Board of Directors at <http://www.cicca.org/contactus.html>.
